

LifeGroup Questions for the week of September 16, 2018
“The Elders Unpleasant but Needful Work” Titus 1:10-16 – Dr. Richard Caldwell

1. If you have been a part of a LifeGroup in the past, what are some things that have made for a great group? What are some things that could perhaps hurt the group? What do you hope to gain from LifeGroup this year? (Leaders/Hosts: please try to document these answers anonymously and send them to Greg Zietlow)

2. According to this passage, what were the dangers facing the church in Crete? What are some similar dangers threatening the church today? Why is false teaching such a danger to the gospel?

3. How are the elders to protect the church against false teaching? How can the church family help the elders do their unpleasant but needful work?

4. Cretans were known for certain cultural sins. What would you say are our own cultural sins as Americans? As Coloradans? What is the biblical prescription for these sins?
